AFTER STOLEN MONEY

Government Will Seek Some of the Money Carter Took.

SOME OF IT LOCATED

At Savannah, New York and Other Places About \$750,000 Is Said to Be Traced Directly to Ex-Captain Carter.

Washington, April 27.—Attorney General Knox, acting under instruction from the president, will institute immediate proceeding to recover some of the money which ex-Captain O. M. Carter obtained from the government in connection with the fraud growing out of the improvements in the Savannah harbor.

A secret conference between General Knox and the federal officers who have been at work on this case during the past week to map out a plan of action. Without reflecting upon his predecessors, Mr. Griggs, the new attorney general was given to understand that prompt action was required to recover some of the government bonds. It is understood he was given the impression that too much time had been wasted in prosecuting the case of the ex-captain.

Bank Examiner Johnson is said to have located in banks in Savannah, New York and others, sums aggregating about \$750,000, were said to be traced directly to ex-Captain Carter.

NO SUITABLE SITE.

Liberian Coasts Not Adapted for a Good Coaling Station.

Washington, April 27.—Liberia's desire for the establishment of the United States coaling stations on her coast will not be acceded to. Liberia believed all danger of attempts on the part of France and other governments to seize the railway from her would cease if such actions were taken. Examination of the Liberian coast made by the Montgomery some time ago and other information received by the navy department show that there is no suitable site for a station, and the project has been abandoned.

Captain J. F. Merry, who was president of the naval board which sent to Guam to select a site for a naval station and to prepare for a plan for the improvement of the harbor and the location of a town on its shores, is on his way back to his station at Honolulu, and will submit his report from that point. As soon as possible after his return he will enter into negotiations with the owners of land at Pearl harbor for its sale to the United States. The recent naval appropriation appropriated \$150,000 for the purpose of paying for the land.

Cubans Bid President Farewell.

Washington, April 27.—Members of the Cuban commission called upon the president today to bid him farewell. Senator Capote urged that something be done at once toward a reciprocal treaty of relations for the benefit of the Cubans. The president replied that nothing could be done on economic lines until the political questions were settled; that it would be necessary for the Cubans to form a government before any negotiations could be entered into. He assured the delegation that as soon as the Cuban government was formed he would appoint a commission to consider economic relations.

Favorable to Platt Amendment.

Washington, April 27.—There is a general impression among those who have been in close touch with the Cuban delegates that they will recommend the acceptance of the Platt amendment by the constitutional convention when they return to Havana.

Must Cash Where Drawn.

Washington, April 27.—Comptroller of the treasurer has decided that postal money orders are payable only by postmasters upon whom drawn and to whom notice or issue had been sent. It has been the practice heretofore to cash money orders at postoffices other than those on which they were drawn and postmasters cashing such orders turn them into the postoffice department as vouchers.

Star Route Carrier Arrested.

Chattanooga, April 27.—Postoffice Inspector Keys has reported to the department the arrest of Archibald Froe, a star route carrier, charged with robbing the mails at Newport, Tenn.

Adelbert Hay Resigns.

Washington, April 27.—Adelbert Hay, son of the secretary of state, has resigned his position as United States consul general at Pretoria. The resignation takes effect at once. His successor has not been selected.

Methodist Missionary Conference.

New Orleans, April 27.—The fourth day's session of the Methodist missionary conference had for the topic the discussion of woman's work, foreign and home. Mrs. Wightman of South Caro-

lina, was chairman. Mrs. S. G. Trueheart spoke on the aim and scope of women's foreign missionary work. Miss M. L. Gibson, discussed educational work and Dr. Anna W. Fearnon medical work.

Ohio Bank Robbed.

Toledo, April 27.—The bank at Pioneer was entered by burglars Friday night. The vault was wrecked by dynamite and \$1000 is missing. No clue to the robbers.

YACHT RACES.

Constitution and Independence Will Contest at Newport.

New York, April 27.—Three special races will be sailed between the cup defense yachts Constitution and Independence, the dates of the matches being July 2, 4 and 6. This announcement has just been made by a representative of the Newport Yacht Racing association, and in the solution of the deadlock between the New York Yacht club and Thomas Lawson, which threatened to make impossible a race between the two rivals. The races will take place off Newport.

A rule of the New York Yacht club forbidding a non-member to sail in a race or that organization excluded Thomas Lawson's yacht from competing in the matches that were to decide the choosing of a challenger to meet Sir Thomas Lipton's Shamrock II. Mr. Lawson, on the other hand, refused to comply with the requirements of the New York Yacht club and declined to get around the rule by sailing his boat in the New York Yacht club trial races, under the name of a member of that club. The matter was settled by the offer of the Newport Racing association to present a cup for a contest between the rival vessels. The races are not under the New York Yacht club, that club having taken no action whatever respecting the trial matches.

Mr. Duncan, the manager of the Constitution, and Mr. Lawson, owner of the Independence, have signified their willingness to race for the Newport association's cup.

RAILROAD CABINET.

President Hayes Will Inaugurate a New Scheme on Southern Pacific.

San Francisco, April 27.—It is stated in railroad circles that President Hayes of the Southern Pacific will inaugurate a radical change in the management of the system. He will form a cabinet of advisers which will be composed of the heads of all the principal departments of the road with the single exception of the law department. The object of this cabinet arrangement is to centralize authority and responsibility. President Hayes will by this means have a firmer grasp on details of operation of the vast system and all orders will be issued directly by him, after consideration by the cabinet. It is understood the cabinet will have no authority to interfere with the president in any way, but members will in reality be the advisers to the president who will be responsible only to the board of directors.

It is also stated H. E. Huntington will not accept re-election to the vice-presidency, but will continue to be a member of the cabinet. E. H. Fitzhugh, formerly of the Central Vermont, will it is said, be given a position of great importance though under the new scheme his coming will not mean the displacement of any of the present heads of departments.

CHASED CHINESE.

Germans Had Four Men Killed and 85 Wounded Including Officers.

London, April 27.—A Reuter dispatch from Pekin says headquarters staff has received a telegram from the British officer accompanying the Franco-German expedition to the effect that on April 23 the Germans crossed into Shan Si through the Kuk Nau and Chang Cheng Lin passes in pursuit of the retreating Chinese, whom they followed 18 miles, fighting a sharp action. The French remained in occupation of the passes. The Germans returned April 25 and the French handed over the passes to them and returned to their previous outposts. The Germans are said to have had four men killed and 5 officers and 80 men wounded. The Chinese loss is not known.

BIG MINING DEAL.

Bear Gulch Property Bargained to British Syndicate for \$2,000,000.

Helena, Mon., April 27.—Carl Werngren has left Denver after completing one of the largest mining deals of the year in this state by which he controls the properties of the Bear Gulch Mining company for a foreign syndicate. "This transaction," Mr. Werngren said, "calls for an investment of nearly \$2,000,000 and includes all of the mining property, town sites, mill site and water rights owned and controlled by the company, a total of about 360 acres. The present option has been taken in the interest of a foreign syndicate which proposes at once to make a thorough investigation, and if found as represented to proceed to equip the property with a large modern plant for the treatment of the product."

TRADE WITH The Bryan Grocery Company.

Huerta Hanged.

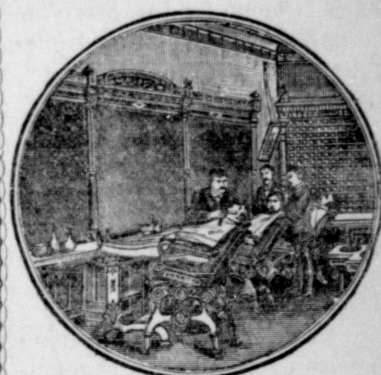

Las Cruces, N. M., April 27.—Toribio Huerta was hanged here Friday for the murder of a companion whom he shot to obtain \$45 while they were traveling on foot near Aden, N. M. On the scaffold he acknowledged his crime, having already made a confession.

Saw No Chinese Troops.

Berlin, April 27.—The Cologne Gazette's Pekin correspondent says that the German mounted forces which proceeded beyond Kalgien, found the country quiet. No garrisons were encountered. The Germans only saw Chinese police.

Dismissal Justified.

Stanford University, Cal., April 27.—The University council decided that in the dismissal of Prof. Ross there was no question of academic freedom involved and President Jordan was justified in dismissing him.

CAPT. J. A. HESTER DEAD.

A Well-Known Citizen of Brazos County Passes Away.

Capt. J. A. Hester, of the Wesson community, died at his home Saturday at 1 o'clock, after an illness of about three weeks. He had been a leading citizen of Brazos county for twenty years or more, having engaged in school teaching and farming, and was held in general esteem. He was a native of Alabama and a member of the Methodist church. He leaves a wife and four children. The funeral takes place at Wesson church this (Sunday) afternoon. The Eagle joins with many friends in extending sympathy.

A BRYAN OIL COMPANY.

Beaumont and Brazos Valley Oil Company Organized at Bryan.

Attention is called to the advertisement elsewhere of the Beaumont and Brazos Valley Oil company. This company includes some of the leading capitalists and best business men of Bryan and College Station, with several strong capitalists of Galveston, and Houston among the organizers, and although started at Bryan some time since in a small way, is now, on account of the financial responsibility of its membership, a very strong company, financially.

The company have some excellent property, and are able to push its development. They offer the people of Bryan some of the stock at a very low figure before advertising it at Houston and Galveston, where they have assurance of its being taken at a better figure. It is a home company, and deserves consideration.

To the Populist Voters of Brazos County.

At the meeting of the people's party National committee at St. Louis, on Dec. 29, 1900, resolutions were adopted providing for taking a referendum vote of the party on certain proposed changes in our platform and name. In pursuance thereto the National chairman has called for the vote to be taken May 4 at 2 o'clock p. m. It is agreed that we change that call to a county mass meeting to be held at the courthouse in Bryan, at the same hour and on the same day. W. W. WEAVER, Secretary. W. J. BROGDON, Chairman.

Don't Get Angry.

We are sorry to state that there are now \$3000.00 in accounts due on our books. We have urgently requested those who are in arrears to come forward and settle without delay. We cannot run this plant on wind and water. It takes money to give the people the service.

Those in arrears must pay or we will be forced to cut off both lights and water. One dollar will be charged for cutting off and one dollar for turning on. Read the rules of the company and settle to avoid getting angry.

We owe debts and must pay them. Delinquents will have their lights and water cut off if not paid for by May 10, 1901. The last call; take notice and govern yourself accordingly. B. W. L. & P. Co. 127 by W. H. Harman, supt.

Sealed Proposals.

Sealed proposals will be received by the undersigned for the privilege of selling ice cream, lemonade and other beverages, except intoxicating liquors, on the grounds, at the A. & M. College during commencement week. All bids must be in by 12 m., Tuesday, May 14, and the right to reject any bid is reserved. L. L. Foster, President.

A merry party of young ladies of Bryan, fifteen in number, made a party to spend the day, yesterday, picnicing and fishing on Tonkawake lake. The party were chaperoned by Mr. and Mrs. Marvin E. Wallace, the affair being arranged in honor of Miss Mattie Harrington, of Plano, who is a guest of Mr. and Mrs. Wallace. A delightful day was spent on the lake.

CUBANS SATISFIED.

They Have the Platt Amendment Explained to Their Satisfaction.

Washington, April 27.—It is believed by the United States officials that a very fair understanding has been reached and that the complete report of the interviews with the secretary which the delegation will take back to the convention will have a very satisfactory effect on the members of that body.

General Pedro E. Betancourt, one of the most influential members of the Cuban delegation said to a Associated Press reporter:

"It should be understood that we are here for the purpose of studying the entire question of the relations between the United States, more particularly as presented by the Platt amendment, but it is a mistake to think that we have presented any proposition or that there is anything thus far beyond an effort to learn the views entertained by the authorities here on the many points involved, and at the same time to convey to them the views held by the convention which we are here to represent. We are not clothed with any plenipotentiary powers and cannot present plans which occur to us.

"Thus far, I think I can say for myself and my assistants that the discussion has produced an agreeable impression upon us. It has shown a very earnest effort on both sides to deal with the subject in such a spirit of fairness and honor as would reach a conclusion satisfactory.

"Your leading public men greeted each one of us with assurances of deep, friendly and personal interest in the maintenance of the most cordial relations between Cuba and the United States. It was made plain to us that this concern was chiefly to the interests of Cuba. The dignity, intellectuality and strength of character as well as the splendid personal appearance of the distinguished men whom we thus had the honor to meet, have contributed to the agreeable impression we have obtained up to this time."

Additional Indictments.

New York, April 27.—Albert T. Patrick, David L. Short and Morris Meyer, under indictment for acts in connection with the death of W. M. Rice of Texas, were brought into the court of general sessions to plead. Counsel for Patrick asked for an adjournment as they had another case on trial and the arraignment went over until May 12. The grand jury returned an additional indictment against Meyer and Short charging each with perjury. This charge is based on the testimony Meyer and Short gave before Justice Jerome when they said they saw Rice sign the will to which their names were signed as witnesses.

Battle With Fishermen.

Akron, O., April 27.—A desperate battle occurred on Long lake, south of this city, between the game wardens, Chas. Ruckle and Levi Fox and Ed Frey and Frank Wager, who were caught in the act of fishing illegally with a net. Frey received five bullets in his body and died at the city hospital in this city. Wagner was landed in jail. Game Warden Ruckle received a slight flesh wound in the right leg.

Alabama Women Fight.

Gadsden, Ala., April 27.—Lula Roberson and Mary Spencer, two women living at Altoona, Etowah county, 20 miles northwest of Gadsden, engaged in a fight. The Spencer woman drew a razor and slashed the Roberson woman in several places. The latter secured a gun and shot Mary Spencer in the thigh, fracturing the bone and making a dangerous wound. Lula Roberson was arrested.

Petroleum in Mexico.

City of Mexico, April 27.—An important discovery of petroleum has been made 20 miles southwest of the city of Guadalajara, and a company was formed to operate oil wells. Oil is in great abundance. There is much interest shown by the people in the vicinity, and it is believed that an extensive oil region will be opened up.

QUESTION ANSWERED.

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers' and grandmothers' never thought of using anything else for Indigestion or Billiousness. Doctors were scarce, and they seldom heard of Appendicitis, Nervous Prostration or Heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and other aches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. Get Green's Prize Almanac. For sale by Wilson-Jenkins Drug Co.

A BIG BUSINESS ON A SMALL SCALE

Is one here. We serve a great number of customers with choice Roasts, Chops, Steaks, etc., but we don't keep a large quantity of meat on hand. We receive a fresh supply at frequent intervals and that is the reason everything is of such delicious flavor. The meats have not become tasteless through a long imprisonment in the ice box.

About Railroads.

In discussing the railroads and the sentiment which apparently exists against these institutions in various sections, the Morning Post, Raleigh, N. C., says:

The South is proud of her railroad systems, proud of their achievements, improvements and good works, of the able men who manage them. Not leaving them without proper and just restraint within reasonable bounds, they have entitled themselves to every encouragement and assistance in the promotion of their great work. Their dependence upon the improvement and development of the sections which they serve being for their own well-being, the greater they grow, so much then must the people and communities along their lines grow.

May each and all of them continue to prosper." The New York Journal of Commerce along the same line says:

The various railroad systems are also assiduous workers in helping local enterprises, in the selection of favorable sites for factories and in affording facilities in the shape of spurs or other extension to accommodate such traffic as may arise from their erection. Some of the cotton mills being built in the South today are directly due to such facilities, making eligible sites which otherwise had little to recommend them beyond local desire to invest capital in the cotton manufacturing industry. It is easily noticeable that the disposition of the Southern people towards the railroads has of late years undergone a marked change from one of suspicion, if not animosity, to one of friendliness. The gradual absorption of small impoverished and badly-served roads into the greater trunk systems has removed many grievances, and improved service has increased local travel to a marked extent. Without well-built and well-managed roads progress would be seriously retarded and the rate at which cotton manufacturing is expanding in the South is ample confirmation of the statements made of the material assistance being rendered to it by the railroad interest.

Announcement of the Colorado Chautauqua.

The Fourth Annual Session of the Colorado Chautauqua will open on July 4, 1901, and will continue until August 10th. Complete preparations are being made for the most successful assemblage the Chautauqua has ever known. Attention is called to the following points:

The opportunity presented at Boulder for health, recreation, entertainment and instruction.

The unequalled location, climate, scenery and natural advantages of the region.

The merit of the musical and platform.

The variety and practical scope of the educational departments.

The delightful mountain excursions, two days each week under competent guides, through the grandest scenery of the continent.

These are only a few of the advantages offered to patrons by this prince of summer assemblies. The musical, social and educational attractions are too comprehensive to be described in the space at our command. The Chautauqua Journal, room 716 Cooper Building, Denver, Colo., presents the work of the assembly in detail and a sample copy will be sent to any person applying. The Journal is published monthly and contains many interesting features relating to the mountains and mountain life.

during the coming summer, just address them at the Colorado Chautauqua, Boulder, Colo. You'll either find them there or at some of the other numerous Rocky Mountain Resorts. Texas has been so prosperous that the people are planning all over the state to spend the hot month in "Kool Kolorado;" and the number of Southern people up there this year will be numerous. People always want the full worth of their money, and this accounts for the plans of almost every one providing for using "THE DENVER ROAD" from Fort Worth. FOR MOTHERS.

The period immediately following child-birth is fraught with many dangers. The strength has been used in the painful ordeal through which the mother has passed and she finds herself helpless and weakened. Many mothers, like Mrs. Ford, date the beginning of their illness from the birth of their child. Indeed the frequent spectacle of a healthy young woman becoming a chronic invalid after motherhood is one of the tragedies of life. All this is unnecessary, when Wine of Cardui is obtainable. It rehabilitates the shattered nervous system, strengthens the organs and ligaments, and re-establishes a healthy, natural condition, saving years of chronic sickness and suffering. Wine of Cardui taken just before confinement will render the ordeal comparatively painless. It will re-enforce and strengthen the organs for their work. For every trying crisis in a woman's life, Wine of Cardui is the medicine to take. Ask your druggist for Wine of Cardui and take no substitute. If one is offered send \$1.00 for a bottle to the Chattanooga Medicine Company, Chattanooga, Tenn.

WINE OF CARDUI

Clarkson, Ark., July 20, 1899.
After my baby was born I took the whites and falling of the womb, and was in a very dangerous condition. I read one of your home treatment books, and commenced to treat myself with Wine of Cardui and Black-Draught. I am thankful for what the medicine did for me, and I am now in better health than I have been for a long time.

OIL OIL OIL

A BIG DEAL has been Made

BY THE

BEAUMONT and BRAZOS VALLEY OIL CO. of Bryan

The Beaumont and Brazos Valley Oil Company has had agents at work in the Beaumont oil region, and the following telegram from Judge W. H. Nall, shows that the company is doing work that counts for something:

Kountze, Texas, April 27.---H. H. Harrington, R. M. Nall: Land sold to you. Meet me in Bryan to-morrow morning. W. H. NALL.

This was a tract of land near Saratoga, Hardin county, where the latest and biggest boom is on, and where the gentlemen addressed by Judge Nall had been prospecting in person. It is where the presence of oil and gas have been known and reported by State and United States officials for the past thirty-five years. It is where oil and gas springs are in evidence in greater abundance than at any other spot in Texas. How much of the tract Judge Nall has secured will not be known until his arrival today. This means however, that the company have a tract of land in the oil fields, not leased, but owned absolutely, with a good title. In addition to this, the company have procured good and secure leases on about

40,000 Acres of promising oil lands in this part of the State, including the Brazos bottom, also in Grimes

county, and there are evidences of oil on many of these lands that geologists pronounce almost unmistakable. This company is capitalized at \$150,000 divided into 150,000 shares of a par value of \$1.00. The company has opened a list at the M. & P. National Bank in Bryan for the subscription of a limited number of shares at 10 cents per share—Par value \$1.00. The company believe they have a good thing, and the public are invited, as many as care to do so, to come in at this low price. At this price, the chances for a profitable investment are better by 10 to 1 than in most of the companies now operating at Beaumont. This advertisement will probably not appear again, so if you wish to come in, subscribe tomorrow.

The charter for the company is being prepared, and receipts will be given at present by the secretary, redeemable after organization under charter, in stock certificates.

Mrs. J. E. Player has been confined to her bed for two weeks and is still quite sick at this writing.

Misses Lena Holliday and Gertrude Eaves are on the sick list.

We had a hard rain Wednesday accompanied by a cold north wind which has injured the crops and gardens very seriously.

The ladies of the town are having the Wheat graveyard cleaned off.

Miss Mattie Dodson gave a picnic Saturday to her scholars and friends. The grounds selected were three miles from town at the Board school house near a fine spring of water. Quite a crowd were out and the basket dinner could not be excelled. Mr. Jeff Steele, a generous farmer, had a fine hog barbecued on the grounds as a treat for his friends. An accident happened that was very much regretted. Roger Williams was loading a target rifle. It went off and shot him in the leg. He was taken home and Dr. J. T. Eaves cut the ball out, and says it is only a slight wound.

L. L. Spann returned from Houston Saturday night.

Rev. McClung of Harvey preached at the Baptist church Sunday night.

Dr. J. T. Lewis went to Well-

born Saturday.

WICKSON.

Wickson, Texas, April 22.—Farmers are having to plant their cotton again on account of the frost last week.

Magnolia.

SMETANA.

Smetana, Texas, April 22.—We are having some nice weather at present.

On account of the last cold spell, there will be a great deal of cotton to plant over.

The health of our community is good generally.

Mr. and Mrs. Frank Goodson lost one of their children Saturday April 20th.

We are almost without news of any kind this week.

Several persons enjoy themselves fishing once in awhile on the little Brazos. Good luck follows.

The water in Thompson creek after the rain, seemed as if it wanted to come out on the bank. Some watched it eagerly but it went quietly back.

Illuminator.

BLANTON SCHOOLHOUSE.

Blanton Schoolhouse, April 22.—As I see no one writing from this community I thought I would try and give you a few dots.

The health of the neighborhood is very good at this writing.

Cotton planting is about over

and some are through thinning corn.

Quite a crowd of people from this community attended the spelling match at Cottonwood Saturday night and heard some fine spelling.

Mr. and Mrs. R. B. Elliott visited relatives near Edge Saturday and Sunday.

STANDARD IN POWER.

Gets an Inside Deal in Beaumont Oil Region.

WILL CONTROL PRICE

The Statement Made That the Standard Owns Railway Terminals, Wharves and Lands About the Port of Port Arthur.

Beaumont, Tex., April 27.—The Beaumont Oil exchange Friday posted the statement that Standard Oil company had purchased the railroad terminals, wharves and shipping facilities at Port Arthur, and 90,000 acres of land surrounding the port. The price was not given. Port Arthur is the nearest deep water port to the Beaumont oil field and by controlling this outlet the Standard Oil company can control every barrel of oil taken from the Beaumont oil field. The railroads cannot compete in freight rates with pipe line and ship via Port Arthur to New Orleans and Galveston. Thus owning Port Arthur, the Standard Oil company will control even the domestic trade in crude oil. No one here ever doubted that the Standard Oil company would ultimately get control of this oil field, but no one appears to have foreseen the purchase of Port Arthur by this company.

Carload of Strawberries.

Tyler, Tex., April 27.—The first solid car of strawberries for the season was shipped out Thursday night by express. There were nearly 500 crates. They were shipped by C. R. Pope, who has bought the entire output of the market in this section at \$1.25 per crate. This car is about one month ahead of the first car last year. The warm weather of the last few days has made the berries ripen rapidly and there is a demand for hundreds of pickers.

Katy Reaches San Antonio.

San Antonio, April 27.—The extension of the Missouri, Kansas and Texas railway from San Marcos to San Antonio was completed Friday. The distance from San Marcos to San Antonio by the grade is 46 miles. Work was commenced on this extension Sept. 12, and under the contract it was to be completed before May 16. Superintendent of Construction Finney will inspect the 46 miles but no passenger trains will be run over the extension for probably two weeks.

Stabbed Several Times.

Paris, Tex., April 27.—In a difficulty at Glory, 10 miles south of Paris, Dr. B. E. Van Burkleo, a prominent citizen of the county, 65 years old was stabbed a number of times. The wounds are believed to be fatal. W. M. Smith was arrested on a charge of assault to murder. The defendant is his son-in-law and his wife instituted suit against her husband for divorce a week ago.

Denison-Sherman Trolley.

Denison, Tex., April 27.—Fire was built under the boilers at the powerhouse of the Denison and Sherman interurban line Friday and the machinery at the powerhouse was started for a test run. Manager Fred H. Fitch of the interurban said: "We will start the car service between Denison and Sherman on Monday."
